

In This Issue

BONEZone®

2004 Supplier Directory

(page 4-41)

Suppliers

Supplier Profiles include brief descriptions of companies at which an individual has become a Member of The Institute for Orthopaedic Enlightenment (see www.orthoworld.com/institute/about.htm). There are 184 suppliers listed in this issue.

Players

Many Suppliers can justifiably be considered sponsors of www.orthosupplier.com and BONEZone® by virtue of their participation in OrthoSupplier's Promotional Program. These Suppliers are referred to as Players and receive visibility in every issue of BONEZone. In the 2004 Supplier Directory, Player listings are distinguishable by noting the outline around their listing and inclusion of their logo.

Player Profiles

(pages 56-81)

Players also receive online and print placement of full-page corporate profiles. In this issue, Profiles are presented for eleven new Players for the first time, and also for (15) Players who desired to have their profile included in this year-end issue. Profiles of all Players, and a searchable database of Player Capabilities, are available for online viewing at www.orthosupplier.com.
