

Friedrich Daniels

Surgical Instruments

Now ISO 9001:2000 Certified

Friedrich Daniels, an award-winning surgical instrument designer and manufacturer, has served the needs of the orthopedic industry for custom instrumentation for 53 years. Not only do we manufacture the highest quality surgical instruments, we also manufacture solutions.

Examples of instruments we manufacture:

- cable cutters
- forceps
- curettes
- hook holders
- compressors
- rod holders
- distractors
- rongeurs

As we stock a wide variety of forgings, many of your prototypes will be completed in two weeks or less.

**You'll find Friedrich Daniels
easy and enjoyable to work with,
responsive, flexible, and customer-driven.**

For prompt quotations, engineering-related questions, or a product catalogue, please feel free to contact us at the numbers listed.
