

# Onyx Medical Corporation

## Total Solutions in Contract Manufacturing

### When Strategic Outsourcing is Your Optimal Solution

Onyx Medical Corporation is an innovative, woman-owned small business that provides full-service contract manufacturing services exclusively for the orthopedic industry.

We specialize in the manufacture of comprehensive lines of wires, guide pins, half pins, drills and screws for the trauma and reconstruction markets. Our FDA-registered and ISO-certified facility in Memphis offers customers unparalleled access to worldwide distribution.

### The Principles of Commitment, Communication and Continuous Improvement are the Foundation of Our Core Business Philosophy.

Our goal is to meet and exceed your expectations and become your irreplaceable contract manufacturer of choice. We offer:

- Expert knowledge of the latest industry trends for the products we manufacture
- Independent lab testing (both chemical and mechanical) of raw material used to manufacture your product
- Products that meet ALL specifications on the print—not just the ones we think you will measure or inspect
- Lead times that are realistic
- Quotations that are honored
- Device history records that are thorough and complete

#### Materials

**Implant Grade:** 316L Stainless Steel, Ti 6Al-4V ELI Titanium, L605 Cobalt Chrome, 22-13-5 Stainless Steel, Nitinol (NiTi Shape Memory Alloy)

**Medical Instrument Grade:** 630, 440 series and 455 Stainless Steel.

#### Products

**Fixation:** threaded and plain K-Wires and Steinmann Pins, one-piece olive wires, half pins, fixation pins, guide wires, locating pins, specialty screws and threaded components, suture anchors

**Nailing:** one-piece ball tips, guide wires and guide pins

**Cutting:** drills, taps, drill point pins and wires

#### Capabilities

close-tolerance manufacturing on parts ranging in diameter from .028"-.375"; precision CNC turning, grinding and milling; forging; threading; broaching; glass beading; polishing and buffing; electropolishing and passivation; anodizing and custom coatings; laser etching

#### Custom Services

- Design for Manufacturing/Engineering Feasibility Support
- Complete packaging with inserts and labels; shrink wrapping
- Inventory Management and Stocking Programs

### We never forget that your name is on every product we manufacture.

Onyx is honored to serve as an approved or certified vendor for the world's leading orthopedic companies.
