

Symmetry Medical Is Your One Source for Total Solutions[®]

The world now has one source for instruments, cases and implants —Symmetry Medical. We are a global market leader, offering trusted brands, Jet[®], Othy[®], PolyVac[®], Thornton (TPC)[™] and UlteXX[®]. With Symmetry Medical you get over 200 years of combined experience.

With 13 strategically located facilities throughout the United States and Europe, we provide unparalleled service to the medical device industry worldwide. Our global representation gives you local, personalized service.

Our products and services extend into over 25 medical device markets, such as orthopedic, spinal, trauma, dental, cardiovascular, ophthalmology, etc.

Our unique position as a single source supplier helps you get new products to market faster. We provide comprehensive services, including complete systems ready for use. We go beyond the ordinary to include kitting, inventory management, co-development and more.

Symmetry Medical Inc. is Symmetry DDC, Symmetry Jet, Symmetry Othy, Symmetry PolyVac, Symmetry Thornton (TPC) and Symmetry UlteXX.

Symmetry Design & Development Center (DDC) opened January 2004. DDC offers Design Services/Co-development, Prototypes, Project Management, Total Solutions[®] and Symmetry Products.

Symmetry Jet, located in Lansing, MI, specializes in precision forging, machining and full finishing for the orthopedic industry.

Symmetry Othy, formed in Indiana in 1976, is a world leading supplier of custom and standard surgical instruments.

Symmetry Medical Cheltenham (formerly Symmetry Othy UK) was founded in February 1977 in Cheltenham, England. It became part of Symmetry Medical Inc. in 1998, supplying instruments to the European medical community.

Symmetry PolyVac USA, formed in Manchester, New Hampshire in 1983, is a world leading provider of metal, plastic and hybrid cases. PolyVac became a part of the group as a subsidiary of Symmetry Medical Inc. in July 1996.

Symmetry PolyVac France (formerly EuroSter SA) was acquired by Symmetry Medical Inc. in August 1999 as a distributor of plastic surgical instrument cases and trays. PolyVac, located in Lille, France, is a design and manufacturing facility for cases and trays.

Symmetry Thornton (TPC) was founded in 1895 in Sheffield, England. Symmetry Thornton (TPC) specializes in precision forging, casting, rapid prototyping, machining and full finishing for orthopedic implants.

Symmetry UlteXX was founded in 1988 in Avilla, Indiana. It is a world leading supplier of precision spinal and trauma instruments and implants.

Symmetry Medical is your one source for Total Solutions[®].
